By William Torrey Harris

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Right of Property and the Ownership of Land Social science seeks to understand the laws of the structure of human society with a view to use its knowledge for the increase of human welfare. Man s nature is so complex that social science has difficulty in grasping all its phases. It has again and again found itself in error, because it has omitted some essential phase of society, in computing the elements of a social problem. In this session of our Congress, we have already discussed the importance of a complete inventory of the topics that lie within the province of Social Science. We must comprehend the scope of the whole, and be able to make clear to ourselves by a definition the essential items in our general survey. We must discover one by one, all the elements that condition the problem of society, and learn to keep them in view when we seek an answer to any given question. We are all aware of the dismal failure of political economy to explain the...
