Liberal Utilitarianism and Applied Ethics

By Matti Hayry

Taylor Francis Ltd, United Kingdom, 2014. Paperback. Book Condition: New. 216 x 138 mm. Language: English . Brand New Book ***** Print on Demand *****.Liberal Utilitarianism and Applied Ethics explores the foundations of early utilitarianism and, at the same time, the theoretical bases of social ethics and policy in modern Western welfare states. Matti Hayry sees the main reason for utilitarianism's growing disrepute among moral philosophers is that its principles cannot legitimately be extended to situations where the basic needs of the individuals involved are in conflict. He is able to formulate a solution to this fundamental problem by arguing convincingly that by combining a limited version of liberal utilitarianism and the methods of applied ethics, we are able to define our moral duties and rights. Liberal Utilitarianism and Applied Ethics will appeal to students and teachers of philosophy who are interested in the doctrine of utilitarianism or in ethical decision-making.
