Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

When he is hand picked by the chief of police to work a long and complicated serial rape case involving five beautiful victims with whom he must spend much time, his life with girlfriend and bookstore owner, Sami Murphy, becomes extremely complicated. Escaping from the city hustle and bustle to his beautiful and remote Colorado mountain cabin, the two of them attempt to relax and try to untangle the knots in their relationship. What will happen to this couple who are tremendously bonded, but have to decide if their jobs and lives can meld permanently or if it would be better to go their separate ways? * * * Very compelling. Well written and fast moving. It held my interest to the end. Hope there is another one in the works soon. Mona Armstrong * * * Jackie Taylor Zortman Award-winning published writer and author, Jackie is married to a 42-year retired veteran law enforcement officer.
