New Clinical Genetics (2nd Revised edition)

By Andrew Read, Dian Donnai

Scion Publishing Ltd. Paperback. Book Condition: new. BRAND NEW, New Clinical Genetics (2nd Revised edition), Andrew Read, Dian Donnai, From reviews: "There is no comparable book on the market; in fact, this is the best teaching tool currently available. The case study methodology is unique and extremely effective. The authors have outdone themselves and congratulations are in order." Doody's Reviews, Jan 2012 "This text is a must-read for anyone wishing to stay current with the fast-paced field of clinical genetics." OrphaNews Europe From reviews of the first edition: "Very few books have attempted to do what the authors have accomplished so well. They make genetics simple, attractive, and real. They provide a link between daily situations in the practice of clinical genetics and the complex information available in human genetics. I look forward to subsequent editions of this wonderful work." Doody's Notes "This book provides a wonderful case-based learning environment. There are also self assessment questions. Students are not given model answers but are provided with guidance on how to work out the correct answers for themselves. Excellent!" Human Genetics "This book is a very valuable tool that will be used by future geneticists all over Europe and beyond, both...

The ideal ebook i possibly study. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
