LIGHT COLOR SOUND: SENSORY EFFECTS IN CONTEMPORARY ARCHITECTURE (HARDBACK)

WW Norton Co, United States, 2010. Hardback. Book Condition: New. New.. 290 x 231 mm. Language: English . Brand New Book. Light, color, and sound are the three elements capable of generating great sensory impact, transforming buildings into veritable mechanisms of interaction with their context and the passers-by, and this book puts these effects center-stage, covering the conceptual, aesthetic and technical implications of their application and integration into the structures. It focuses on thirty projects around the world in which...
