weight: The main purpose of the Editor's Summary This book
is elective estate management. exploration. valuation. urban
planning. housing management. geography and the
environment and other topics related courses provide students
with a textbook. text. Although it is assumed that the reader
has some basic knowledge of economic theory. but the
knowledge required in professional examinations degree and
beyond the requirements of the majority of a freshman course.
But for those readers who have been actively involved in land-
related industry work. this book should be quite significant.
Because it shows how economics provides a useful tool to solve
practical problems. More hope is that once the decision vesting
belongs or by politicians or public administrators believe that
the principles of economics reveals to better...
