Because of the financial crisis and caused by that the economic crisis a lot of partially old models are being discussed again. The thesis should investigate whether it is possible to generate company value through lean management. There are a lot of tools to measure company value but in this thesis the operating cash flow will be used as other methods have too many levers to influence the result (e.g. WACC). In the subsequent part the different practical tools of lean management will be described to create a basic understanding of the methodology. The practical part of the thesis deals with qualitative interviews with specialists, consultants and researchers to get a variety of answers. The specialists are people who are doing lean management in their company on a daily basis but have only experience in their company. Consultants sell...
