Brand New Book ***** Print on Demand *****.Someone may ask: Why am I introducing philosophy or even some kind of God to story about physics and finance? So I should refer to this question. One should start from the very beginning, if she/he wanted to build success. Success is created on strong basis, fundamentals, absolute Truth, objectives, fully logical proved and could not be discredited. Everybody should have the possibility to perform one s Logic, in the same manner, with the understanding. I ve started from looking something stable, absolute in time and space, in the Universe. The Theory of Creation of Universe shows how one may play with logic. I was looking also for universal principles which govern the Universe. Physics gives such a possibility. The Theory of Information is making huge unification of nowadays physical Laws. This is the basis. Without this, I could not make any progress in practical creation of investment strategies, etc. Automated investment strategies appears as the practical implementation and consequence of fundamentals. I must state that, there is an absolute in our Universe. This is Action (Logic). Action for physicists. Logic is for Informationists. I am Informationist, means Informationism is understandable for me and fully logical.
