SIGNALING PATHWAYS FOR TRANSLATION

Book Condition: New. Publisher/Verlag: Springer, Berlin | Insulin and Nutrients | The articles in the present volume are by major contributors to our understanding of signaling pathways affecting protein synthesis. They focus primarily on two extracellular anabolic signals, although others are included as well. Insulin is one of the best-studied extracellular regulators of protein synthesis. Several of the known pathways for regulation of protein synthesis were elucidated using insulin-dependent systems. Regulation of protein synthesis by amino acids,...

Reviews

This kind of book is every little thing and taught me to looking forward and a lot more. It is really simplistic but excitement in the fifty percent of the pdf. Your life span is going to be change once you comprehensive looking at this publication.

-- **Mr. Wiley Kilback V**

A must buy book if you need to adding benefit. It is among the most incredible book we have study. I discovered this book from my dad and i recommended this book to find out.
